Feedback to Arabella from a mediation between a manager and a direct report, commissioned by the organisation's Head of HR

Head of HR: “As always, it has been a pleasure working with you. You’ll be pleased to know that there has been a huge improvement in the team’s working since the mediation and we all really appreciate your help and support, and it is always a pleasure working with you. Thank you for the feedback.”

Testimonials: Health & Social Care Mediation

- **Social Worker:** Arabella led the session extremely well, her methods of allowing each party to share information without interruption allowed all voices to be heard and fostered an open and honest discussion from all parties.
- **Patient:** Mediation feels quite daunting, scary and uneasy initially, but after some time of being with Arabella and my colleagues and passing ideas around, you feel much more at ease and start to gain valuable ideas and get somewhere.
- **Social care client:** I feel a lot more confident to deal with things as they come up now in a calm manner. Thanks for your support - it has made a difference to me and my family.
- **Foster Carers:** Mediation is something we never considered. When we went we both felt very uncomfortable and was unsure of what the day would bring. Once there you made us feel safe. The structure of the day gave everyone an opportunity to speak openly but knowing you were there gave us a safe place to do this and not be judged. Thank you once again for enabling us to be listened to and to listen to others.
- **Social Care Tenant:** Thanks so much for your facilitation yesterday and your kindness and support. It was great that some kind words were spoken between [the other party] and ourselves and it feels like the resolution we came to is manageable.
- **Patient:** The mediator was extremely good at putting me at ease and was good at her job
- **Advocate:** The flexibility and openness of the mediator was so helpful.
- **Patient:** Arabella was very caring, compassionate and really easy to talk to. She made me feel at ease and able to open up. Arabella has made this process much easier.
- **Social Care Tenant:** “[The housing association] have moved [my neighbour]. I really believe they would not have done this without your involvement. You helped me get my voice heard. I want to thank you for all your help. I can now get on with my life”

What is mediation and how does it work?

- **Flexible & Confidential:** Mediation is a flexible and entirely confidential process in which the parties in dispute are assisted by an independent third party, the mediator, to resolve their dispute. Put simply, it is a facilitated negotiation process.
- **Solution-focussed:** The parties themselves attend, and participate fully in, the mediation, with or without lawyers or union representatives present. No solution is imposed upon the parties and one of the strengths of the process is that the parties themselves decide the outcome and are only bound by it if they both/all agree to it.
- **Voluntary & Without Prejudice:** It is a wholly voluntary process and, if a solution cannot be reached, the parties are free to walk away without their legal positions being prejudiced.
- **Mutually-agreed Outcomes:** A mediator helps each party get their voice heard so they can work towards a solution they find acceptable
- **HR, Legal & Union Friendly:** I work alongside your HR team and any legal or trade union representatives where appropriate, while offering a confidential, impartial and independent service to the parties involved in mediation.
